

Micro Course Monday – Drone Usage: Agriculture

Micro Course	Drone Usage: Agriculture
Date	Monday, October 7th
Time	3:00-4:00pm
In-Person Location	Dana Hall 228 – campus map – parking in lot 5
Online Link	Live online in Collaborate
Presenter	Michelle Burke

The poster features a background image of a drone flying over a field of green corn. At the top, the text 'MICRO COURSE MONDAY' is in white on a blue background, and 'DRONE USAGE: AGRICULTURE' is in white on a green background. Below this, a semi-transparent white box contains the text: 'Join MICHELLE BURKE on Monday, October 7th at 3:00PM in Dana 228 or live online in collaborate'. In the bottom left corner, there is a QR code. In the bottom right corner, there is a circular logo with a blue border, a white center, and a brown bottom section. The logo contains an icon of a person with a briefcase and the text 'Career Readiness'.

Learn about drones, including the requirements for successfully completing your Part 107 exam and earning your FAA Remote Pilot Certificate. Common uses for drones will also be examined, such as agriculture, emergency services, and photography.

Still interested in the topic?

Enroll in FLHT 101, Introduction to Drones: Regulations and Use offered during the 2nd 7-week session of classes (October 14th – December 6th) on Tuesdays and Thursdays from 5:00-6:50pm. One day per week will be held in-person and the other class session will be offered live online.

You can also enroll in the FLHT 101 class as a non-credit microcredential (same days and times).
