

## Hailey King '28

Willsboro, NY

Hi everyone! My name is Hailey King, and I am a second semester freshman at SUNY Canton in the Pre-Nursing program! I am from a small town on Lake Champlain called Willsboro. My plans for the future are to become a Psychiatric Nurse Practitioner! I chose to attend SUNY Canton for many different reasons, the biggest two being the amazing atmosphere the campus provides and the small student to faculty ratio. Growing up in such a small town has made being able to have a good relationship with my teachers one of my values. I feel the connection that I am able to make with my professors and peers really lets me excel as not only a student, but an individual. I am looking forward to being able to grow as a student over the next few years!

When I'm not in the classroom, you can find me traveling, playing softball, hiking or doing musical theatre productions. I enjoy putting myself out there and meeting new people, and all of the things I just listed help me do that. Before coming to SUNY Canton, during the school year, I was apart of our varsity softball team, a teachers assistant in the first grade classroom and a member of the National Honor Society. In the summer, you could find me working at my town's youth summer commission, at the beach or hanging with friends and family. I am so excited to be a student ambassador this semester and help prospective students see SUNY Canton and all it has to offer!
