

Jizzell Santiago `27

Queens, New York

My name is Jizzell Santiago, and I am a sophomore studying Legal Studies at SUNY Canton. Before coming to SUNY Canton, I was seeking a school that valued diversity and prioritized student success. I was looking for a school that would help students develop skills and achieve academic success. SUNY Canton provides a variety of programs and resources to help ensure your academic success and keep you on track. The professors and faculty at SUNY Canton are committed to ensuring that we exceed our goals and successes in class and on campus in general. I value how they teach corporate law and the legal studies curriculum. I'm also a part of BSU and the Sister 2 Sister Club, where we learn about sisterhood from one another. Overall, SUNY Canton is a place where I can thrive academically, as well as in a variety of other areas.

**GREAT MAJORS,  
GREAT CAREERS.**
