

## Natasha Marrero-Keppis Manhattan, New York

My name is Natasha, and I am a sophomore here at SUNY Canton. My major is Crime Investigation. I chose to come to SUNY Canton, and I am very content with my decision. I came on the bus trip my senior year of high school and fell in love with the campus scenery and the hands-on program I am currently in. Being from NYC, I was looking for a peaceful change and was able to find it here in Canton. All of my professors have experience in the field, which is extremely helpful when looking into different careers in the field. They are all very approachable and want their students to succeed. Apart from classes, I am an RA at Kennedy Hall, create content and manage C.A.B and S.G.A's social media accounts, and I am also a student ambassador. I love being a part of different departments around campus. Participating in these different areas allow me to grow and learn more about the outside world aside from my major.

Aside from my campus responsibilities, I enjoy spending time with my cats and being in nature. I love to clean, organize and enjoy cooking as well. My family is from the Dominican Republic.

Being in Canton can be a culture shock when you first arrive, but meeting the right people and making traditional dishes help me feel at home!

**GREAT MAJORS,  
GREAT CAREERS.**
